Wednesday 12th November 2025

Dear Parent/Carer,

On **Friday 5th December 2025**, we have been invited to take part in something rather exciting! As a school, we will be standing outside to cheer on **Kevin Sinfield CBE** as he takes on his latest challenge: **"7 in 7."**

During this incredible challenge, Kevin and his team aim to run **seven ultra-marathons in seven days**, across **seven cities and regions**, to support the **Motor Neurone Disease (MND)** community. It just so happens that, during this challenge, they will be running **directly past St Mary's!**

Kevin Sinfield, former professional **Leeds Rhinos** Rugby League player and current coach for the **England Rugby Union** team, is completing this challenge to raise money and awareness for MND. This will be the **sixth year** Kevin has taken on such challenges, inspired by his former teammate, **Rob Burrow CBE**, who sadly passed away from MND in 2024.

Kevin is expected to run past the school at **9:00am**. To make sure we are ready to cheer him on, we will be **opening the school gates at 8:20am** and **closing them at 8:45am**. Before the event, children will create **banners and signs** in school to take outside with them to show their support and give Kevin and his team some extra motivation!

We are **very excited** to be a part of this special event and to show our support for such an important cause.

Kind regards,

Yours sincerely,
Miss Heron
PE Co-ordinator
